## Congratulations!

You now have access to [Flagship University](#), a powerful and easy-to-use online learning tool brought to you by Flagship Rehab and CEU360. The transition to this new learning tool should be as smooth as silk, but we'd like to give you a few tips to make sure that you have zero problems logging in and accessing your courses.

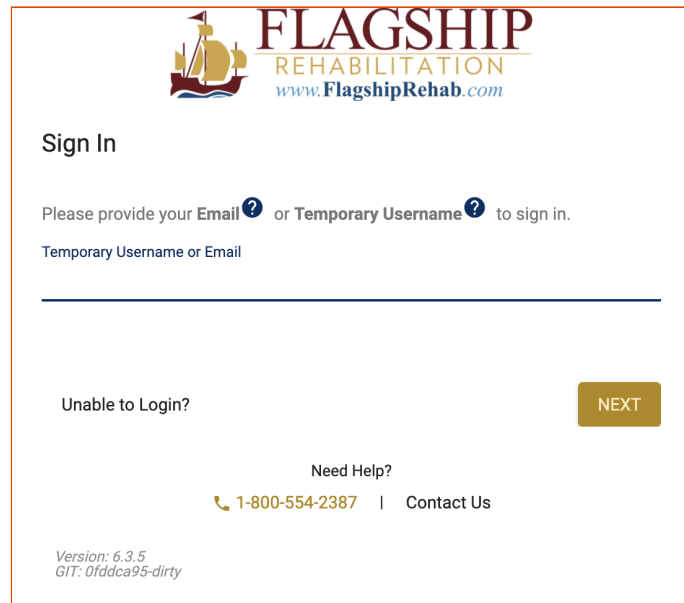

## Logging In:

Begin by visiting the login page here:

### [Flagship.CEU360.com](http://Flagship.CEU360.com)

Your temporary username is the first initial of your first name + your last name + Last 4 SSN

The first time you log in, click on the "**First Time User?**" link (on the right under the **Login** button). You will be prompted to enter your email address and confirm your email on the account set-up.

Below the logo is the heading "Sign In". The main text says "Please provide your Email [?] or Temporary Username [?] to sign in." Below this is a text input field labeled "Temporary Username or Email". At the bottom left is a link "Unable to Login?". At the bottom right is a yellow "NEXT" button. In the center, there is a "Need Help?" section with a phone icon and the number "1-800-554-2387" and a "Contact Us" link. At the very bottom, it says "Version: 6.3.5" and "GIT: 0fdca95-dirty".

After you have completed your account set-up, you will login with your email address.
